Dear Judes,

Congratulations! You have been admitted to BYU-Pathway Worldwide, beginning with PathwayConnect (Recommended). We wish you the best and are excited to have you!

At this time, there is nothing else you need to do. Our team is creating your BYU-Pathway student portal. When your portal is ready, we will send you another email with instructions for signing in and completing your next steps.

This process usually takes up to one business day. However, if you submitted your application between enrollment periods, it may take one week or longer. We appreciate your patience and will email you as soon as your portal is ready.

If you have not received your portal access email after the expected processing time, or if you have any questions, please contact us. We will be happy to assist you.

Sincerely,
BYU-Pathway Worldwide
